Need 70 More Men To Hit CAA Quota Declares Petersen

Medical Examination No Obligation

An urgent call for seventy more men to sign the rolls as members of the Civil Aeronautics Authority was issued yesterday by Frank F. Petersen, aviation department head.

In order to secure a quota of 50 men, Petersen must be able to present a list of 150 who have passed a rigid preliminary medical examination, to a government committee.

COMMITTEE HERE

The committee, due to arrive here October 1, has been detailed to examine and pass on all equipment.

Petersen stressed the fact that the 70 men who sign up today will be under no obligation since only 50 men can be admitted at most.

"These names will serve only as concrete proof of the fact that we can furnish three times as many men as our quota calls for. The sixty or seventy who sign today will be doing us a big favor and will be given a complete medical examination at no cost to them," he stated.

NO COMPULSION

Those who desire to become active members of the organization will be the first chosen for consecutive years from the list of possible enrollees, Petersen pointed out, but those who are not interested in actually joining the CAA are under no compulsion to do so.

Application blanks have been placed in the large lecture rooms and must be filled out by four o'clock this afternoon in order to be considered.

The blanks should be turned in to the Publications office or to the Aviation office, Rooms 17 or 111A.

Former Teacher Leads Orchesis

Miss Margaret Jewell, former member of the women's P.E. faculty here, and now employed as dance instructor at Stanford University, led the Orchesis class in dance techniques at a meeting in the Women's gym last night.

Mrs. Virginia Jennings, an alumna of the honorary dance society who studied under Martha Graham, modern dance authority, this summer, also introduced dance steps.

Lorraine Jacobsen, president of Orchesis, appointed a committee composed of Jerry McCabe, Lee Covello, and Mary Traub to work on plans for a Christmas program to be given in December.

Miss Marjorie Lucas, director of the dance group, announces a meeting in the Women's gym at noon today.

Women Choose Chairman For Spinsters Today

Chairman for the Spinster's Scrimmage, annual major A.W.S. event of the fall quarter, will be appointed at the first meeting of the group today at five o'clock.

This information was revealed by Audrey Morrell, president of the organization.

All officers of the group, as well as the representatives from all the women's organizations, are urged to be present by Miss Morrell.

Officers of A.W.S. are Audrey Morrell, president; Ruby Siemers, vice-president; Leila Gulmert, secretary; and Jane Lovell, treasurer.

All women students interested in activities of the group are welcome to attend the meeting, announces the president.

FIRST Y.W.C.A. MEET TONIGHT

Old and new students will meet tonight for the fall opening and annual get-together of the Y.W.C.A., "The Y.W.C.A. on Review", which will be held in the Rose Room of the City Y.W. between the hours of 5:15 and 7:15.

Supper, community singing, and organization of the discussion groups will make up the evening's entertainment. Women students are urged to sign up for a discussion group in which they are interested.

Tickets for this meeting are available in Room 4, says Miss Mary Hill, secretary.

OFFER MARITAL LECTURES FOR MEN STUDENTS

"Phases of Development" will be the second discussion of a series of 12 lectures which is being presented by Mr. Kenneth K. Addicott, member of the Adult Education Center in San Jose.

These discussions are open to men of the college, who are interested in the subject, "Domestic Relations for Men". The lectures include group participation of pre-marital and marital problems.

Mr. Paul Pitman, dean of men, stated yesterday that although one lecture has been given, there are still 11 to follow. The second discussion will be Monday evening, October 2, at 7:30 o'clock.

REGISTRATION HITS 4003 FIGURE

Registration went over the 4000 mark yesterday with a total enrollment of 4003 students.

Full-time students number 3909, with 92 registered as part-time students, the Business office announces.

Showing an increase of more than 2200 students in ten year's time, yesterday's figures, considered final, makes San Jose State college the largest state college in California.

1100 FRESHMEN

Of the total number, approximately 1100 are freshmen while 400 are transfers from other colleges and universities, the Registrar's office reports.

The number of freshmen enrolled equals the difference between registration figures of 1936 and yesterday's total.

550 INCREASE

Since fall quarter, 1938, when a registration of 3450 was the all-time high, more than 550 students have been added to the rolls. An even greater increase of 1000 students is shown by comparison with figures of the spring quarter of 1939.

Registration has been on the steady increase since 1928, with the single exception of a drop in 1933, Registrar's office figures show.

SCHEDULE JOINT SPEAR-KNIGHT PARTY OCT. 14

Plans for a combined Spear-Knight party on October 14 were discussed at Tuesday night's meeting of the Spartan Spears, sophomore women's honor service organization.

Winifred Rice, former vice-president, now holds the office of president since Margaret Tanner, who was Spear president, is now attending the University of California at Berkeley. Doris Roberts has been elected to the post left vacant when Miss Rice took over the presidency of the group.

Jerry Jurras, Eva Seko, Billie Starrett, and Ruth James are members of the committee appointed to plan the Spear-Knight party.

Enrollment Large In New Community Leadership Class

Enrollment in the new community leadership class reached 20 in the first meeting Tuesday night in Room 20, according to Mr. Milton Rendahl, new member of the faculty who has charge of the class.

The group included many who are not regular students in the college. Persons affiliated with YWCA, YMCA, Camp-Fire Girls, Girl Scouts, Boy Scouts, Probation Office, and County Hospital were present, according to Mr. Rendahl.

Program Follows City-Wide Noise Parade At 7:30

Section Reserved For Students; Part Of Celebration On Air

The free city-wide pep football rally honoring the team is scheduled for tonight at 7:45 in the Civic Auditorium following a noise parade which begins at 7:30 in front of the Men's gym, declares Happy LaBee, rally chairman.

The street parade, which will be made up of students, civic leaders and staunch supporters of the local team, will ride down San Carlos street to Second, then to Santa Clara street. From Santa Clara street the parade will move along First to San Carlos and then to the Civic Auditorium.

Special Section For Men Rooters At Rambler Game

A special rooting section made up of male students wearing white shirts and rooters caps will be featured at the Spartan-Cal. Ramblers game to be held here tomorrow night, announces Happy LaBee, rally chairman.

SECOND RESERVE SECTION

A second section for co-eds and men students wearing rooters' caps will be reserved behind this first group. However, should the weather be cold, dark coats will be substituted for white shirts, LaBee said.

The last part of the middle section will be open to the general student body.

700 SEATS

Seven hundred seats have been reserved for the student rooting section. If students sitting in this section have megaphones, they are asked to bring them. A number of new megaphones will be passed out, preferably to freshmen, LaBee declared.

'Twelfth Night' Uncovers New Drama Material

Tryouts for the production "Twelfth Night" uncovered such an exceptional array of talent that the directorial board found it impossible to make a definite selection of characters immediately, Mr. Hugh W. Gillis stated late yesterday.

Tryouts will be held again this afternoon at 4 o'clock in an endeavor to make a definite choice of characters.

After the tryouts, Mr. Gillis said that he would begin searching for a suitable comedy for the next production. A Noel Coward play was tentatively scheduled, but now Mr. Gillis seeks a comedy with a larger cast.

Patricia Ironside New S. J. Players Head

Patricia Ironside was elected president of San Jose Players at the first meeting of the quarter Tuesday night. She succeeds Lorraine Callender.

Chosen to serve with Miss Ironside during the current year were Eileen Brown, secretary; and Harold Smith, treasurer. Mr. Hugh Gillis, adviser, announced yesterday.

Students who have cars and are willing to take passengers in the parade are asked to meet in front of the Men's gym. Others are asked to be there, since there will be sufficient cars and trucks to take care of all who wish to join the pep session, LaBee states.

Student seats are reserved in the middle section of the lower floor. Outsiders will sit in the dress circle and balcony, according to LaBee.

YELL LEADERS PRESIDE

The noisy celebration will consist of yells, led by the new yell leaders, group singing, and quartet singing by recording.

Part of the program will be broadcast on KQW from 8:30 to 8:45.

Ernie Smith, famous Pacific Coast sports announcer, will be guest speaker of the evening. Other speakers are Dr. T. W. MacQuarrie, Coaches Dud DeGroot, and "Pop" Warner.

GAME PASSES ARE PRIZES

Passes to the Spartan-Cal Ramblers game tomorrow night, an autographed football signed by all members of the local team, and five copies of "Pop" Warner's

(Continued on Page Four)

JAPANESE CLUB PLANS WELCOME PARTY FRIDAY

The Japanese Student's Organization announces this Friday evening, September 29, as the date for its annual Social Welcome Party, for all new Japanese students.

All Japanese students are cordially invited to come, Kikuye Kimura and Tamaki Ogata, co-chairmen for the event, announced yesterday. The party starts at 8:30 p.m. in Room 1 of the Home Economics building. Dancing, games, and refreshments are planned.

Chaperones will be Miss Clara Hinze, faculty adviser for the organization, Dean Helen Dimmick, and Miss Mary Frances Hill of the Y.W.C.A.

All students who desire transportation to the party are requested to sign up with David Kawamoto or David Takai by Friday noon.

ATTENTION STUDENT!

Today is last chance to register for the November 7th Ham and Eggs election. If you are eligible, you may sign up in front of the Morris Dailey auditorium from 10:30 to 3:00.

Don't let anything interfere with your registering. Don't let anything interfere with your voting November 7th.

Rally Around Tonight

Townpeople, Spartans, and enthusiastic followers of San Jose State college's own grid season, will assemble in the Civic auditorium tonight for what is expected to be the greatest of all rallies.

With the progress of our team coming into the limelight through the guidance and help of our coaching heads, Dud DeGroot and "Pop" Warner, interest has quickened and assimilated to such an extent, that many predict will soon be included among the major teams on the coast and in the far west.

Such interest, no matter how casual, deserves to be placed direct-

ly behind the team. Further progress depends upon the support of all students and all San Joseans.

The already accumulated enthusiasm will be shown tonight when members of the coaching staff, football team and assorted feature acts appear on the stage so that all may have the pleasure of seeing what the college really has.

Let's back this occasion with plenty of enthusiasm and don't forget the noise parade which immediately precedes the rally beginning at 7:30 sharp.

WASHINGTON SQUARE Merrick - Go - Round

By FRED MERRICK

Scheduled to hold its first pep rally of the year tonight, the San Jose State college student body can show a little school spirit here at home if it has a mind to.

Although the parking situation has improved, it still causes some difficulties. Some driver slants into a slip at a 45 degree angle and as a result cheats a pair of classmates out of a parking space. We raise Cain then, but later on we may get careless and pull the same stunt.

Parking areas immediately around the campus affect only the students, but cars which drop anchor along the side streets may interfere with residents of the area. Give a thought to the inconvenience caused by a student's car which may be blocking part of the driveway when a mother

hurries out to take her children to school. "Call the cops, tow him away so I can get out of here." It's a bother and a nuisance, but sometimes it's got to be done. Give it a thought.

It's going to be plenty crowded around here, but it's up to courtesy to help make the best of it. Think of the other fellow once in awhile, he's just as interested in getting there.

San Jose rates as the biggest state college with a registration of 4000 students. This record enrollment means crowded conditions until additional buildings are obtained, if they are. How things will go during the year will depend on how the student body faces the situation.

Pep Rally In Civic Auditorium

Just Among Ourselves

By DR. T. W. MacQUARRIE

Some of you may wish to join a fraternity or a sorority. Think it over before you decide. Ask Dean Pitman or Dean Dimmick about them. If they are not approved by the college, look out. You may find yourself the victim of a chiseler. Even in the case of an approved organization you may wish to do some comparing. We have had fellows on the campus who invented temporary organizations to catch the suckers. One boy some years ago told me that he paid twenty-one dollars as an initiation fee, and we found out later that the fellow who got the money was a hotel clerk in Oakland.

I do think for some of you the right fraternity or sorority could be a great help and a pleasant memory. I stopped in at the open house of one of the fraternities the other night. I had a longing to be one of those young men. I can imagine a year of interesting experiences and jolly good times. If they can make it work financially, I am sure it will be a good thing for everyone concerned.

It takes some very good business management to run a student group properly. It takes some courage. It is so easy to build up a debt and then leave the community without meeting it. I know of men who have had fraternity debts come back on them many years after they have left the campus. Don't buy anything you can't pay for.

Living conditions for many of the students, I know, are going to be pretty bad. If you cannot pay for good accommodations, do the best you can with the ones you can afford. Don't become a crab, and don't expect your householder to give you something for which you do not pay. Occasionally I have heard of young men students who have been very nasty, inconsiderate, and even insult-

As I See It

By
Eugene Harvie

They tell us the reason San Jose State college has raised the price of its football tickets for outsiders is because of the guarantee demanded by State's opponents and that this guarantee could not be met without the price increase. Football now-a-days seems to have a two-fold purpose, first to make money, and secondly to provide entertainment for the student body and local fans. The emphasis, it seems to me, has been placed on the former reason rather than the latter.

Charging the price of \$1.10 for outsiders drastically cuts down the attendance of townspeople and outsiders who would ordinarily attend State's football games if the price were not prohibitive. State has a good football team with good coaches, but is now the time to cash in on our newly won fame? The sports columns say San Jose State has broken into "big time", but should the prices be jumped because of one or two big time names on our schedule? The outsiders who would attend our games if the price were lower would more than make up for the difference in increase in price. A team's importance is not only recognized by its

ing to householders. The latter may be pretty hard to get along with, but you can always move. I don't think any householder is getting rich on the money the students pay him.

'Shoot The Works' Cry Ramblers

Cal Squad Brings Experienced Men Here For Game

University of California Ramblers, three deep in every position, will mobilize in Spartan Stadium tomorrow night with two purposes in mind:

Firstly, Stub Allison's Bear "B-squad" still has visions of wearing varsity colors, and any extraordinary display of football wares tomorrow night means a promotion to the Berkeley "gravy train".

Secondly, the Ramblers are still mindful of their visit here last year, when the San Joseans ran rampant to win by a lop-sided 39-12 score. The Rams are bent on gaining revenge, and they are coming here to "shoot the works".

HEAVY LINE

The Ramblers will line up with a heavy line that averages 193 pounds from end to end. Led by guard Clark Merrick, playing his third year of ball with the Rams, the forward wall is steeped in experience. Munroe Benson, end, and Lawrence Taylor, center, are the only starters without schooling beyond freshman football. Art Anderson, a guard, and Jack Lewis, end, each have a season of varsity football to their credit.

Bill McBurnie, 218 pound tackle, is another old hand around the Rambler camp, having two years of experience with the Allison "cannon-fodder" team. James Hendrick at tackle rounds out the veteran enemy line with one year's experience.

EXPERIENCED BACKS

The entire Rambler backfield has "been around". Bob Fio Rito, with one year of varsity football experience, gives the Ram team a well-schooled quarterback. Peterson and Morabito at halves, have each played a year of Rambler ball, as has fullback John McKenzie.

Dud DeGroot put his Spartans through another heavy drill yesterday, with plenty of emphasis on their contact work. Today the Spartans take things easy, with a signal drill outlined for the tapering-off activities.

MANAGERS EMBROIDERED IN WAR OVER NOVICES

The struggle between the managers of the Novice wrestling teams to sign up men for the tournament is beginning to take on the aspect of a civil war among members of the varsity.

Charges that Mel Bruno was soliciting material already signed up by other managers was hurled by Fred Albright and Bob Norrona who are managing competing teams. Norrona, last year's freshman captain, has taken over the team formerly handled by Captain-elect Fortune Masdeo, while Albright has a team composed largely of soccer players.

Bruno defended himself on the grounds that it was better for the three teams to combine under one head and present a powerful enough squad to defeat Con Lacy's strong Air Castle team. "Better that one of us should win," he said, "than stand back and let Lacy run off with the tournament. If necessary I'll take all their men."

The tournament will be held the latter part of October, and all inexperienced men are eligible. Anyone interested in competing should sign up with one of the four managers at once, declares Coach Gene Grattan.

Important meeting of Pi Epsilon Tau, general elementary society, Monday, Oct. 2, 1939 at 7 p.m. in Room 2 of the Home Ec.

THE SPORTS

Pony Express

By PONY SWENSON
Spartan Daily Sports Editor

Don't be surprised by the lack of excitement displayed by the Spartan football camp over Leroy Zimmerman's unofficial nomination to play in the annual Shrine East-West benefit game in San Francisco New Year's Day.

SCRIBE'S CHOICE—Since getting a good look at our Mr. Zimmerman, Bay area scribes have been beating the tom-toms for the Spartan fullback phenom. But the Spartans and Zimmerman can't be bothered about it. The reason is only three games old, and the San Joseans are more interested in getting over the remaining ten hurdles than they are in who is going to make the all-this and all-that teams.

CALL LATER, PLEASE—We believe that "Jimmy's" fullbacking can get by in any company, but right now it's a bit premature to make any all-star selections. There isn't any fear of Leroy suffering from an enlargement in the upper story, because the big blonde lad has had his name in headlines too many times to let it go to his cranium. But such a choice, as the San Francisco sports writers have tentatively made, decidedly puts "Jimmy" on the spot.

WORK AHEAD—Right now Zimmerman has his work cut out for him, and the burden he is to bear in helping San Jose get passed C.O.P., Fresno, Loyola, and Drake, plus Sparta's less formidable opponents, is great enough without worrying about the East-West clash.

LAISSEZ FAIRE POLICY—Those who take it upon themselves to pick all-star teams should withhold their guesses until the season is over at least in its twilight stage. It puts on a type of pressure that has licked a lot of good athletes in the world of sport. Remember what it did to Freddy Hutchinson of baseball?

Touch Football Sign-up Started

Intramural activities in the men's Physical Education department swing into action next week with the first call being issued for all organization, clubs, and "has-beens" to sign up immediately for "touch" football, which will again be handled by Leonard Herman.

According to Herman, who handled most of the intramural affairs for the P.E. department last year, all interested in playing should attend the meeting in the Men's gym, Monday at 12:45. Teams will be organized and schedules worked out.

NOTICE

The following boys will report at 6:30 p.m. on Friday night at Spartan Stadium to direct traffic: Henry Vasconcellos, Jack Dixon, Harry Killpack, Matt Stepp, Ed Vasconcellos, Joe McNabb, Rudy Andrade, Louis Putman, Bill Duran, Dick Uhrhammer, George Walsh, Richard Miyagawn, Alfred Moniz.

SPARTAN PILLAR OF DEFENSE

Above, Deward "Truck" Tornell, giant Spartan tackle who was greatly responsible for holding the highly touted USF fullback, Cliff Fisk, for an average of minus one yard per play in Saturday's game and who will be in action again Friday night against Cal Ramblers. "Truck" and his running mate, Bob Bronzan, both tip the scales over the 200 pound mark.

Frosh Reserves Meet Los Gatos

The boys who make the team, but never the headlines—in this case the freshman reserves—will tangle with the Los Gatos high school grid eleven this afternoon in Los Gatos in an informal practice contest.

While the first and second team members will be going through their final workout preparatory to Friday night's tilt with Salinas J.C., the unsung heroes will be given their first test under game conditions by Coach Tiny Hartranft.

With the entire first team intact after Tuesday's scrimmage session, no changes will be made in the starting lineup, Coach Hartranft stated. This will mean that the opening backfield combination will

Sophomore Garb Topic For Meet

Sophomore class dress for the year and the Sophomore Hop will be the main topics of discussion at the class meeting scheduled for today at 12:30 in Room 11, according to Dave Atkinson, president.

URGED TO ATTEND

In an interview yesterday, Atkinson urged all sophomores to make an attempt to attend the meeting. Those who have any new ideas for either the class dance or dress are especially asked to be present, Atkinson stated.

Various committeemen will be appointed to make definite plans for the hop, it was announced. The president declared that an advertising campaign for the affair has already been molded into an efficient machine, and has only to meet the approval of the class members today.

SELECT CLASS DRESS

According to the prexy, the sophomores will also vote on their apparel for the year. Last year the sophomore dress was jeans and plaid shirts; and while it is not sure this will meet the approval of the class this year, it is likely that jeans and plaids will be adopted once more, Atkinson stated.

Music Sorority Holds First Meeting Of Term

The first meeting of Mu Phi Epsilon, national music honor sorority, was held at the home of Ruth Cornell Cook Tuesday night, September 26.

After a business meeting, Sybil Hanchett of the music faculty played "The White Peacock", by Griffes, and a Chorale by Castelnuovo Tedesco. Then Margaret Thomas, also of the Music faculty sang three songs, "The Rebellious Vine", "In Yellow Sunlight", and "Not by the Sea", written by Sybil Hanchett. Miss Thomas was accompanied by Violet Thomas.

After the program the hostess gave each of the members a copy of her song, "Lullaby", which has recently been published.

INSTALL SELLER PRESIDENT OF IOTA DELTA PHI

Bert Seller today assumed his duties as president of Iota Delta Phi following his installation at the organization's first meeting Monday evening in the home of Dr. Boris Lubowski.

Other officers installed were Betty Hitsch, vice-president; Peggy McDaniel, secretary; and Emily Bohnett, treasurer.

Members of Iota Delta Phi also laid plans for presentation of a French play later in the year. The cast for the production will be selected from the group's membership.

The next meeting is scheduled for Monday night.

Juniors Hold First Meeting Of Quarter

Class of '41 will hold its first meeting today, according to Al Aiton, last quarter's president.

Elections of officers and possibility of class committees will occupy the entire time of the meeting.

Because this is the initial meeting, all juniors are requested to attend. The meeting will start at 12:30 p.m. in Room 240.

ILLUSTRATED NATURE TALK TOMORROW

Moving pictures of insects, growing flowers, and hydroponics are to be given by Mr. Arthur C. Pillsbury, nationally known naturalist and lecturer at the Roosevelt junior high school tomorrow afternoon and evening.

ILLUSTRATED LECTURES

Mr. Pillsbury's lectures and pictures are both entertaining and instructive, declares Dr. Karl S. Hazeltine, natural science professor. Those who are interested in these fields should attend the lectures if possible.

At the Monday matinee given at 3:15 there will be a large reel of pictures showing the growth and development of insects, part of which will be in natural color. A second reel will deal with wild flowers of the Western states. These pictures are in natural color and many of them show the flowers growing and opening. Tickets for the matinee are 25 and 35 cents.

NATURAL COLOR FILMS

At 8:00 p.m. two other films in natural color will be shown. The first shows wild flowers of Colombia, South America, and scenes along Mr. Pillsbury's 15,000-mile trip in that country. A second film dealing with hydroponics portrays the soil-less growth of flowers and vegetables in tanks of water to which chemicals have been added. Tickets for the evening performance are 25, 50, and 75 cents.

PEP RALLY

(Continued from Page One)

book, "Football for Coaches and Player" telling of a generation of football experience, will be awarded as prizes during the program. Walt McPherson, graduate manager, announces.

JCC members in charge of the celebration are "Mat" Susanj, Tom Ryan, Clyde McDonald, Walt McPherson, Luther Tice, Ray Dwyer, Clark Saunders, Irving Beaulieu, and Ted Ladine.

CLASS GOES TO COUNTY LIBRARY THIS AFTERNOON

Members of Miss Joyce Backus' Library History and Organization class will visit the Santa Clara County Library this afternoon.

The purpose of the trip, according to Miss Backus, is an effort to learn something of the background and administration of the library.

"Many of the students in the class have confessed they have never been in the county library; so I feel this visit will be of unusual value," Miss Backus revealed.

Changes Made In La Torre Photo Appointments

As the members of La Torre staff issued calls for picture appointments this week, it became apparent that there will be a major change of policy from last year concerning the schedule of picture appointments.

ONLY ONE APPOINTMENT

This year there will be only one appointment made for each individual or organization. The picture must be made on the scheduled date. In the event of rain on the scheduled date, the pictures will be made one week from that date.

All San Jose State clubs must make appointments for group photos before October 14, Bill Lafoon, editor, announced Wednesday.

These appointments may be made between 12:30 and 2 p.m. with Marcelle Chabre or her assistants at the La Torre desk in the Publications office. The pictures will be taken on the campus by Bushnell's Studio between 12:10 and 1 p.m. from October 16-20.

TWO POINTS STRESSED

Members of the La Torre staff stressed two points: that the appointments for photos be made early, and that members of the clubs wear light-colored clothes when the pictures are taken.

Three Faculty Members In Panel Discussion

Three San Jose State teachers will sit on a panel discussion, one of a series of four forums to be held by the First Congregational church starting Sunday evening, October 1.

Frank Gettinger, president of the Fireside club, college student group of the church, invites all students to attend.

The subject of the panel which will be the last of the series is "The Application of Religion to my Profession", and is scheduled for Sunday evening, October 22 with Dr. Bertha Mason, college physician, Professor Claude Settles, of the Social Science department, and Professor Fred Buss, of the Natural Science department, taking three of the six seats on the panel.

Dr. Elton Trueblood, of Stanford University, will speak on "Religion and the Individual" at the first meeting Sunday evening, October 1 at the church which is located at Third and San Antonio streets.

Camp Leadership Group Plans Summer Treks

CRATER LAKE SOUNDED BY KARTCHNER

How deep is Crater Lake?

"It's not a 'bottomless pit' as popularly believed," says geology instructor Wayne E. Kartchner who spent the summer as range-naturalist at Crater Lake National Park.

In addition to his work as range-naturalist, Mr. Kartchner continued a project of sounding the lake which he and several others had started a year ago.

"The earliest soundings were made in 1886 at which time the deepest recording was 1996 feet," says Mr. Kartchner. "But so far our deepest sounding is 1926 feet."

"The deepest portion of the lake has a comparatively level bottom a square mile in area. This leads us to believe there may have been an error in the earlier soundings, due possibly to their having been taken in a strong wind when the drift of the boat might have caused an excessive reading."

During the past summer 186 soundings were taken by Mr. Kartchner and his aides. A metal weight on the end of a piano wire was let over the side of the boat and the depth recorded from a sprocket wheel.

"The going down was all right," Mr. Kartchner comments. "But coming up the weight had to be cranked by hand."

TAU DELTA PHIS PLAN ELECTION FOR TOMORROW

Election for the post of Magistrate will feature the business session of Tau Delta Phi, men's honorary scholastic fraternity, tomorrow noon following its regular Friday luncheon.

With the withdrawal from school of Grand Magistrate Henry Ribbe, Magistrate John Taglia has taken overhead duties.

Following fraternity tradition, the last session of the Tau Deltas was occupied with an ice-water "shower" for two recently-married members, Bob Lee and Ben Frizzi, and for Fred Merrick, who is engaged to be married.

SWENSON IS NAMED CO-OP HOUSE HEAD

Pony Swenson was elected president of Eckert Hall, college co-operative house, at the regular Tuesday evening house meeting. Swenson will succeed Joe Myers, president during the last spring quarter.

Other officers elected for this quarter were George Jorgenson, vice-president; Harrill Johnson, secretary; and Russ Hofendahl, sergeant-at-arms.

Two Interest sections of the Camp Leadership Group have met and laid plans for the coming year. Although a social organization, the Camp Leadership Group, through its Interest sections, aims at training its members for summer camp work, according to Ruthadele Taylor, president of the Group.

Under the chairmanship of Vivienne Dennis, the first section met Monday. Topic to be worked on by this group is the Mythology of Star Study and Story Telling Techniques.

A study of the myths of constellations and planets from Greek, Roman, Norse, Indian, and other cultures will be made by this section. The members will try out their stories and observation technique on various local organization later in the year. Several night campfire trips are also planned.

A second section met yesterday which study various types of handicraft best available for summer camp work. Members of this section will work on weaving of reeds and grasses found in camps. Making of redwood novelties and metal-working will also be studied. Eleanor Fleishman is chairman of the handicraft group.

Art Department Gets New Equipment For Air Brush Course

Offered for the first time this year is a new course in air brush and photo retouching. Mr. Dale Phillips is the instructor in the course.

With addition of the new equipment the total number of brushes for use in the new class will be five, states Mr. Phillips.

Mr. Phillips is the latest addition to the Art department's staff, having come here from Ames, Iowa, where he was an instructor at Iowa State college.

NOTICE

If anyone finds a raincoat wrapped in an envelope that looks like a tobacco pouch, please turn it in at the Daily office. Thank you.
